

RESIDUALS ONLINE

DO YOU NEED RESIDUAL SKILLS SIMULATIONS FOR YOUR SAICA TRAINEES?

W.Consulting has a simple solution!

- Cost effective • Flexible • Specific to each trainee • Online

Benefits

- Pay only for the competencies each trainee requires
- Online learning platform
- Accessible at any time
- Time-limited simulations are submitted online
- Competency assessment done by an accredited SAICA assessor
- Individual feedback given to trainees
- Each trainee receives an individualised report of competence

Cost effective

Simulations are priced from only R600 per assessment!
Detailed pricing overleaf.

Cost saving

- > No need for costly classroom training
- > Save valuable manager and assessor time
- > Pay per competency
- > If a trainee already has a 4-rating for a competency, they do not require the simulation for that specific competency. The competencies are assessed on a needs-only basis and it is not a requirement for all your trainees to submit the same assessments as a tick-box exercise.

W.consulting Residuals Online explained in 6 easy steps

- 1) Trainees use the W.consulting Residuals online learning platform as a learning resource and for their competency assessments.
- 2) Trainees can access the learning platform at any time, however, the assessment time is restricted.
- 3) Trainees submit their competency assessments electronically.
- 4) Our team of SAICA-accredited assessors review the assessments and provide each trainee with an individualised report of competence with specific feedback within 10 days.
- 5) The trainee adds this report to their TSR as evidence for final sign-off by the training officer, as per the SAICA training regulations.

Pricing for 2023 is as follows:

Name of Simulation	Competencies covered	Cost of the simulation per trainee excl. VAT
AUDITING & ASSURANCE Electives*		
Controls	AA(E)5.1 and AA(E)6.1	R600

Companies tax - tax returns	TX(R)2.2	R600
Withholding tax - calculation	TX(R)3.1	R600
Indirect tax - calculation	TX(R)3.2	R600
Indirect tax – tax returns	TX(R)3.3	R600
Employee tax – tax returns	TX(R)3.4	R600

* Simulations for Auditing & Assurance Residuals also available

Example:

A trainee needs the only following competencies:
FM(R)4.1 Capital budgeting
RM(R)4.1 Risk management
RM(R)4.2 Risk management
FM(R)5.1 Valuations

The trainee will only complete 3 assessments and the price will be as follows:

R600 (valuations) + R600 (risk management) + R600 (Capital budgeting) = R1,800 excluding VAT.

You will have 6 months to complete the residuals assigned to you. Thereafter you will have 1 month to resolve any queries raised by the assessor.
