Emotional Intelligence to Overcome Stress
 Date: Tuesday 12 October 2021
 Time: 09:00 - 12:00 GMT+2
 Emotional intelligence may be thought of as a vague concept that has little bearing on one's work life; but on the contrary it is a key life skill that ensures a successful career. Emotional Intelligence is about understanding and managing our own emotions and those of others resulting in better relationships physical and mental health and performance at work. This course will help equip p

Live Workshops

The PKF IFRS Fundamentals application provides you with an invaluable IFRS resources designed to deliver the latest developments in IFRS through digital learning, webinars, videos and even live training events delivered online. The application addresses various level of training, from beginner/intermediate to advanced users through various learning interactions.

In addition, users are able get **VERIFIABLE CPD** from the learning in the application by completing a short quiz at the end of each module. All your CPD requirements can be achieved via the application.

IFRS has become the global language in financial reporting and with the continuing changes being introduced to meet the IASB's objective of high-quality standards, is a language that continues to develop. As professionals, it is vital that you understand not only the existing IFRS standards, but are on the leading edge of developments.

BEAN

AUDIT TRAINING

This application is a digital simulated audit taking trainees from pre-engagement activities to wrapping up. This is an educational application and a learning tool which is accessible to users via a desktop application.

OWN PACE: BEAN allows learners to learn at their own pace – allowing them to personally adjust the time taken to complete a module for their preferred learning style and understanding. This results in less frustration from learners who are left behind because the class has moved on; or be bored discussing a topic they know well!

ON THE JOB TRAINING: BEAN allows learners to go back and revise their learning whenever; wherever they are – giving you an on-the-job training partner/manager at the click of a button!

BEAN IN A BOX: The program also provides a full suite of facilitator materials to work in parallel with the digital learning, including facilitator guides, slides, case studies, exercises and more.
